

# West Fargo Main Avenue Reconstruction

Between 6th Street West and 5th Street East

## Phase 1

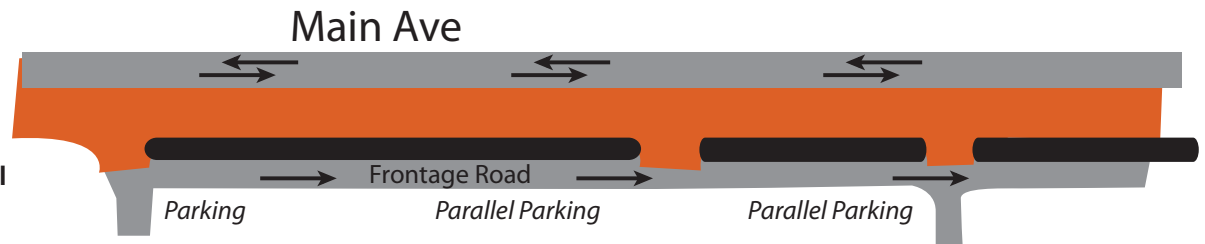

Effective: May 18, 2009

Main Avenue traffic will be traveling in a head-to-head configuration (one lane in each direction) on the frontage road while westbound lanes of Main Avenue are being reconstructed.

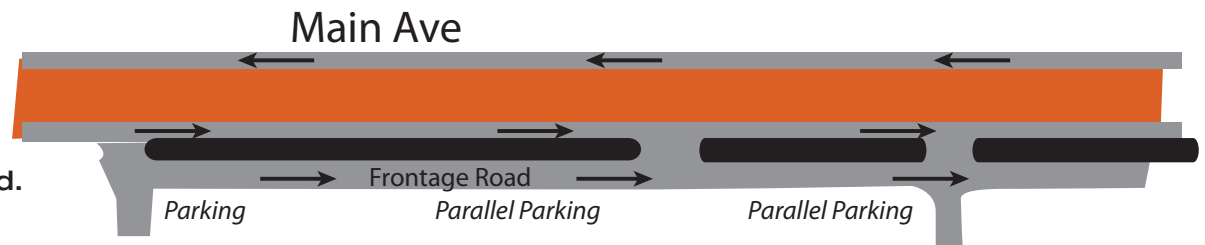

## Phase 2

Traffic will be head-to-head on the new westbound lanes while the center lanes of Main Avenue are being reconstructed. One eastbound lane will remain operational on the frontage road.

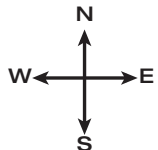

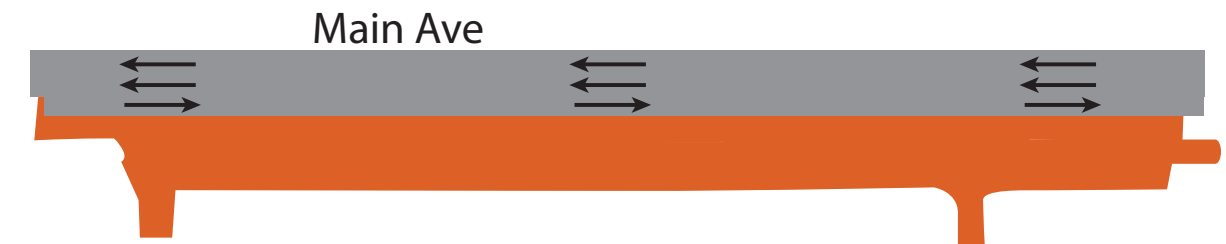

## Phase 3

Traffic will be reconfigured with one westbound lane and one eastbound lane as the center lanes and the medians are being reconstructed. One eastbound lane will remain operational on the frontage road.

## Phase 4

Traffic will be reconfigured with two westbound lanes and one eastbound lane as the far eastbound lanes are being constructed.

 Under Construction
